S. MARX & BRO.

Millersburg, Sept. 1870. THE "HOWE"

HAVING all the late improvements, adapted to every variety of sewing, unequalled in excellence and durability. It will hem, hem-stitch, braid, cord, tuck, quill, fell, ruille, embroider, fringe, and every other variety of sewing, better than any other machine manufactured.

factured.

The HOWE MACHINE being adapted to sew all grades, from the finest, lightest material, to the heaviest cloth or leather. They are easily understood and operated, because they are simple, and contain very little machiners. It is only necessary to give the machine a fair trial to substantiate all that is claimed for it. The wearing parts of our Machines, being case, hardened, will last for twenty years at least.

Examine the HOWE carefully before buying any other machine.

Important to Boot and Shoe Man ufacturers. We beg to call the attention of Boot and hoe manufacturers to the celebrated

Universal Feed, or Elastic Sewing Machine! Specially adapted for stitching new Elastics into old Boots and Shoes, whilst the soles are on, &c.

This Machine supplies a want that has long been felt by boot and shoe manufacturers, and, though many imperfect machines have been invented and sold to the public, none have been preduced which, for variety and quality of work, and also for general nectulness, have equalled this machine.

Price of Machine Complete \$125.00 American Fashions. The question whether Americans are equal to the task of designing the style of their own garments may be considered settled. The firm of E. Butterick & Co. have, by a successful experiment, established the fact that garments designed and manufactured in our own land, are superior in general fitness and beauty to imported costumes. The sudden rise and extraordinary growth of this establishment is a matter of surprise to even the most surguine, who have longed for the day when America would assert its superiority in the matter of dress as fully as it has done in other respects.

Independent, May 5, 1850.

Between the contract of these celebrated Fashions.

Jackson Street, opposite the Empire Hou Millersburg, Ohio, 71f Millersburg, O., Sept. 12, 1830. 4tf Ayer's Cherry Pectoral,

MASSILLON Agricultural

Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has any thing won so widely and so deeply upon the condidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of mer, it has tisen higher and higher in their estimation, as it has become better known. Its uniform character and power to care the various affections of the lungs and throat, have made it known as a rehable protector against them. While adapted to midder forms of disease most to young children, it is at the same time the most effectual remely that can be given for includent consumption, and the dangerons affections of the throat and hungs. As a provision against studien attacks of Group, it should be kept on hand in every family, and indeed as all are some times subject to colds and coughs, all should be kept on hand in every family, and indeed as all are some times subject to colds and coughs, all should be provided with this antidate for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pertural. So complete is its mastery over the disorders of the Lungs and Throat, that the most obsinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear. Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholl formed by the Cherry Pectoral in small and frequent doses. So generally are its virtues known, that we need not publish the certificates of them increase are fully maintained.

JAMES BROTHERS

poisons.

As its name amplies, it does Curre, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zine, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The unmber and importance of its curre in the agree districts, are liberally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical curve effected in obstinate cases, and where other remedies had wholly falled.

Unacelimated persons, either resident in, or travelling through missinate localities, will be protected by taking the AGCE CURE daily.

For Liver Complaints, arising from torpidity of the Liver into healthy activate.

For Billous Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable curves, where other neclicines had falled.

HE has opened a Wareroom at Frederick burg, where machinery is kept for sa and where all articles for repair will be recived, forwarded to shops and returned. He is also agent for the celebrated PRICE, \$1.00 PER BOTTLE.
